Dear DAMIEN CONTRERAS,

You're signed up for automatic payments for your insurance policy. For quick reference, the last 4 digits of the payment method you selected is noted above. We'll keep using this payment method for all payments including renewal until you want to change it, just let us know 5 days before your next due date. Certain monthly payment plans require payment through autopay. If this applies and you'd like to change it, we'll offer you a new pay plan.

### SCHEDULE OF PAYMENTS

Since your payments have been set to autopay, we wanted to outline all the dates that you'll be automatically charged. You can expect each payment to be charged within 3 business days of the date shown below. These amounts include installment fees, previous balance and your down payment, if applicable. If you make any changes to your policy, we'll send you an updated payment schedule.
